

We are seeking a Water Conditioning Technician to install, repair and service residential water treatment systems.

Desired Skills and Requirements:

- Prior water treatment / installation experience is a plus
- Must be able to lift and carry heavy loads up and down stairs
- Professional appearance and a clean driving record are required

Duties and Responsibilities:

- Install and service water treatment equipment
- Make occasional deliveries of salt and related products
- Neat, presentable and professional appearance
- Ability to work independently with little supervision
- Physical ability to push, pull and maneuver heavy items (with appropriate devices)
- Willing to attend continuing education classes to increase certifications
- Other duties as needed

Experience:

- Minimum: High school diploma or equivalent
- Basic water treatment and equipment experience is preferred. However, we are willing to train.

Compensation & Benefits:

- Salary commensurate with experience
- Retirement plan available after one year
- Paid benefits after 90 days
